

Madison Consolidated High School **Athletic Handbook**

PURPOSE

This handbook is designed to explain the rules, regulations, and policies relative to participation in athletics at Madison Consolidated School Corporation. It is the belief of the coaches, administrator and Madison School System Board of Trustees that participation in athletics is a privilege, not a right, and that as a representative of the high school, school system, and community, a student is expected to assume certain responsibilities and to live up to certain expectations. It is the purpose of this document to clarify those expectations.

Authority for the conduct of athletics in Indiana is governed by the Indiana High School Athletic Association (IHSAA) via the principals of member schools. The principal is assisted by the athletic director and head coaches.

As stated in the IHSAA By-Laws; any school may establish its own set of guidelines above and beyond those established by the state.

Shared Beliefs / Philosophy

1. A safe environment is essential for learning.
2. Everyone can and will learn.
3. Nurturing relationships and caring environments are necessary for individuals to thrive.
4. Every person is unique and has equal worth.
5. Diversity is a valuable asset that strengthens and enriches our community.
6. Education is the shared responsibility of students, families, teachers, staff and community.

STATEMENT OF PHILOSOPHY

The Madison Consolidated High School Athletic Department believes a competitive athletic program is a significant part of the total education experience. MCHS provides a program of interscholastic athletics which promotes participation for qualified students within the rules and regulations of the Indiana High School Athletic Association and the MCHS Athletic Department. It is the goal of our school to provide every student the opportunity to develop their potential as athletes in activities appropriate to their level of ability. MCHS strives to provide such opportunity as a further means of developing the intellectual, emotional, and social maturity of our students, while at the same time teaching the importance of teamwork, sportsmanship, and self-sacrifice.

MCHS ATHLETIC PROFILE

Madison has developed a rich and proud tradition in athletics. The school and community take pride in our many accomplishments. Our athletes have won championships at the conference, sectional, regional, semi-state, and state levels.

MCHS offers a variety of athletic programs for its students. There are twenty sports opportunities for boys and girls at MCHS. Boys are offered a ten-sport program including cross country, football, soccer, and tennis in the fall; basketball, swimming, and wrestling in the winter; and baseball, golf, and track in the spring. Girls are offered a ten sport program including cheerleading, cross country, golf, soccer, and volleyball in the fall; basketball, cheerleading, and swimming in the winter; and softball, tennis, and track in the spring. All students with sufficient ability are eligible to “try out” provided they meet the established scholastic standards and conduct requirement.

It is the responsibility of the student-athlete and legal guardian to read this handbook prior to signing the Final Forms. Your signature indicates that you have read, understand, and will abide by all IHSAA and MCHS regulations as stated. A copy of the Parent/Student Agreement must be in Final Forms before an athlete may participate in any organized competition at MCHS. The Parent/Student Agreement in Final Forms must be renewed each year.

CODE OF CONDUCT

Representing Madison Consolidated High School is an honor and privilege granted to students who are willing to make the sacrifices and commitment to meet the high standards expected of students serving as ambassadors for the school. Students representing the high school through their participation in extracurricular activities are expected to be positive role models by exhibiting a higher standard of conduct than students not serving as representatives of Madison Consolidated High School. A student who brings discredit, embarrassment, or shame to the school by not abiding by the behavioral expectations may lose the right to represent MCHS.

The following requirements shall be in effect once a student-athlete enrolls in high school and continues until his/her graduation from Madison Consolidated High School. In other words, an MCHS athlete will be held accountable for his/her actions 365 days a year. Athletes are expected to represent Madison Consolidated High School and the community in a positive manner in school, out of school, and on the athletic field.

MADISON HIGH SCHOOL ELIGIBILITY REQUIREMENTS

Required Documentation:

Each MCHS student-athlete must have the following documents on file through Final Forms (madison-in.finalforms.com) with the athletic office before they can participate in any organized practice or competition at MCHS:

- Physical Examination Form and Proof of Insurance (Same form) Must be dated April 1 or later and prior to the first practice
- Parent/Student Agreement Signature (Handbook)
- Permission to Drug Test Form
- SCA/Concussion form turned in
- Impact Test (completed by trainer)

*MCHS administrators, coaches, and trainers are concerned about student-athletes' safety. Coaches are trained to instruct athletes in the safe and proper techniques of their particular sports. However, due to the nature of athletic activity, injuries do occur. The school provides the opportunity for participation while the parent/guardian retains the right of denial for such participation.

Parents/guardians will be responsible for all medical costs associated with athletic participation. We strongly advise that parents purchase insurance to cover athletic injuries and the cost of treatment.

The IHSAA carries catastrophic insurance for major injuries incurred during participation in approved IHSAA sports programs. The policy pays a premium on catastrophic coverage from

\$25,000. It should be noted that neither the IHSAA nor Madison Consolidated High School carries any kind of first-dollar medical insurance for athletic injuries.

MULTIPLE SPORT PARTICIPATION

The Madison Consolidated High School Athletic Department supports the concept of participation in more than one high school sport. High school coaches should not establish expectations “out of season” which would prohibit or restrict a student’s participation in another sport which is “in season.” A student who wishes to participate in more than one sport in the same season (fall, winter, and spring) must have prior approval of the coaches involved and the athletic director. A schedule resolving all practice and competition conflicts must be established prior to the season. The student-athlete may be asked to designate a “primary” sport if necessary.

ACTIVITY CONFLICTS

Where sports and other school activity conflicts occur, the following policy will apply:

- The “performance,” i.e., the athletic game or meet, theatrical performance, concert or contest in music, has priority over practice or extra rehearsal. In the event a practice, extra rehearsal, or even final dress rehearsal is scheduled at the same time as an athletic game or meet occurs in which the student is participating, the game or meet has priority and the music member is excused without penalty. Conversely, in the event the theatrical or music “performance” conflicts with an athletic practice, the

“performance” takes priority and non-participation will not result in a penalty.

- In the event the practice occurs at the same time as theater, music, and sports, the practice time shall be divided equally between the two activities. The parties involved can work out a mutual agreement to trade off every other day in having the athlete involved.
- In the event a theatrical or music performance conflicts with a game, scheduled at the same time, the student is permitted a choice without penalty. If this causes a problem, the high school principal will act as an arbitrator.

EQUIPMENT AND SUPPLIES

- No athletic equipment issued to team members may be worn in gym class or outside of practice or game situations. Note: jackets, jerseys, etc. are not to be worn by anyone other than the athlete to who the equipment was issued. (Exception: athletes may wear game jersey, shirt or warm-up on the day of a game or meet with the coach’s approval.)
- All equipment issued to athletes shall be recorded by the head coach and returned at the conclusion of the season.
- It is the coach’s responsibility to see that all equipment is returned and in good condition.
- If the equipment is lost or has had abnormal usage, the athlete will pay for the replacement.
- All student purchases through the athletic department must be paid for prior to equipment being issued.

TRANSPORTATION

- It is expected that all athletes ride on the bus to and from the site of the game/meet.
- Appropriate behavior and citizenship is expected of all students who ride buses.
- The coach is responsible for exercising control and maintaining proper supervision of their team on the bus.
- An athlete must remain under the supervision of the coach on all trips from the time of departure until the return to Madison.
 - Exception: an athlete may return home with his/her parent(s) upon the parent's notification, in writing or in person, to the coach. This request may be denied by the coach.
 - No athlete may ride home with a team member's parent unless a written permission form from his/her parents is given to the coach prior to departure from the event.
 - No athlete will be permitted to return home with anyone but a parent or a pre-approved parent of a teammate.

WEIGHT ROOM RULES

- No athlete is permitted in the weight room without a coach supervising.
- No food or beverages are permitted in the room.
- No horseplay, running, wrestling, etc. will be tolerated.
- All athletes are expected to work with "spotters" at all times.
- Equipment should be put back in its place after use.
- In-season sports teams will have first priority for weight room usage.

- Athletes failing to comply with weight room rules will be reprimanded or could lose their privilege to be in the weight room for a period of time.

INDIVIDUAL TEAM RULES

Each head coach may establish training and behavioral rules for athletes under their supervision during the IHSAA season. These rules will typically cover language, being on time for practices, dress for contests, decorum at contests and on buses, sportsmanship, and curfew on nights before and after the contest.

Specific rules established by the head coach, that may go above and beyond those established in MCHS Athletic Handbook, in a sport will be put in writing and a copy will be made available to the athlete and his/her parents.

CHANGING SPORTS

Athletes will be allowed to transfer from one sport to another only with the approval of the Athletic Director and both head coaches.

- Transfers will be denied for the following reasons:
 - The first scheduled contest of the season has already been played.
 - The athlete has not turned in all equipment, locks, and uniforms.
- In the event an athlete is dismissed from a team during the season for disciplinary action or quits, he/she will not be allowed to:
 - Join another team during the same season.
 - Participate in off-season workouts, unless both head coaches and athletic director meet and agree.

GAME CONDUCT

Profanity or inappropriate gestures will not be tolerated and may result in suspension.

EJECTION FROM AN ATHLETIC CONTEST

Anytime an athlete is ejected from a game, meet, etc. the athletic director will be notified as soon as possible. The athlete will be suspended from participation under the following guidelines.

First Violation

According to IHSAA By-Law 8-4: Any contestant or coach ejected from a contest for an unsportsmanlike act shall be suspended from the next inter school contest at that level of competition and any other lower-level contest in the interim, in addition to any other penalties assessed. The athlete may not:

- o Participate in any contest at any level of play until the suspension has been served.
- o A suspended athlete can practice during the suspension period at the Athletic Director's discretion.
- o A suspended athlete must attend contests at the athletic director's discretion.

Note: Tournaments (conference, sectional, etc.) are not exempt from suspension. If a tournament is the next contest, the athlete will be unable to participate until required suspension is served.

Second Violation

Any athlete who is ejected from a Contest for an unsportsmanlike act a second time during a sport season shall be suspended for the next two (2) Contests at that level of competition and all other Contests at any level in the interim unless an IHSAA sport-specific rule or policy provides a different protocol or penalty for a second ejection.

SCHOOL ATTENDANCE

Absence from School

- An athlete should strive to be at school every day.
- Students who are absent from school or do not arrive by the end of period 3, may not attend extra-curricular activities that evening. If extenuating school or family circumstances result in a student's failure to be present for these classes, an exception can be made by the school administration.

In-School Suspension

Any student assigned all day "in school" suspension due to misconduct is ineligible to practice or compete that day. Any student who violates this rule will be suspended from two athletic contests to run consecutively.

Out of School Suspension

No student will participate in practice or competition on the day that he/she has been suspended from school for that day or any part of that day. In order to return to participation, the student must gain clearance from a school official designated by the principal.

SUMMER PARTICIPATION

- The IHSAA allows coaches of team sports to conduct a one-week team camp at the school facilities for high school athletes. This camp may be conducted anytime during the summer but must be completed prior to Monday, Week Four (4) of the IHSAA calendar.
Note: This team camp shall be voluntary. No athlete will be penalized for non-participation.
- The IHSAA mandates a one-week moratorium from all open facility, conditioning, and weight lifting programs. There shall be no contact between the coaches and student-athletes during this week.
 - The IHSAA has established the Week of July Fourth (4th) for the one-week moratorium.
 Additional weeks may be mandated by the MCHS Athletic Department.
 - The IHSAA no longer establishes rules and mandates concerning summer practices or open gym activities. The IHSAA does require all summer activities end by IHSAA Week Four (4)

Social Media Policy

Per, IHSAA by-Laws Rule 8, athletes will face disciplinary action determined on a case-by-case basis.

ALCOHOL/TOBACCO/VAPING/DRUGS

A student participating in extracurricular activities shall not possess or be under the influence of any alcoholic beverage, tobacco, vaping, or drugs. Violation(s) of this rule will result in the following disciplinary action, which are cumulative throughout a student-athlete's career. Only violations within one year of the incident will the following offenses apply.

First Offense: Parent(s) will be required to meet with the athletic director and head coach to discuss the course of action. The minimum consequence shall be

- An immediate suspension from fifty (50) percent of scheduled contests. If the student-athlete is not currently participating, then the suspension will be served during his/her primary sport.
- Completion of 20 hours of documented community service with an approved service organization. Students may participate in practice sessions (with the approval of the head coach and athletic director) but may not dress out for games or activities until all requirements for the violation of this rule have been completed.
- Completion of required education piece associated with their infraction

Second Offense: Dismissal from all MCHS extracurricular activities for a period of one year from the date of the violation.

Third Offense: The student will not be permitted to represent MCHS or participate in any athletic activities in any capacity for the rest of his/her high school career.

MCHS DRUG TESTING

The Madison Consolidated School System has a random drug testing program.

DRUGS EXPLAINED

No student-athlete shall possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate or marijuana. In addition, the use of steroids or illegal inhalants (huffing) will also be prohibited.

Use of a drug in a manner authorized by a medical prescription from a health care provider is not a violation of the rule. In addition, students participating in extracurricular activities may not possess, use or transmit any substance which is represented to be or look like a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverages, stimulant, depressant, or intoxicant of any kind.

Also, possessing, using, transmitting, or being under the influence of caffeine-based substance, substances containing phenylpropanolamine (PPA), or stimulants of any kind, be they available with or without a prescription will not be permitted.

THEFT AND VANDALISM

The taking, willful destruction or marring of personal or private property by any student participating in any extracurricular activities shall not vandalize the property of others, in any setting or location.

A student shall not have in their possession any item taken from another individual, school, business, etc. without permission or without properly purchasing an item. Being in possession of the stolen property shall be treated the same as actually stealing the property. Violation of this rule shall result in the parent(s) being

required to meet with the athletic director and head coach to discuss the course of action.

Game Suspensions

If a student-athlete is suspended from their season due to an infraction and the number of games remaining is less than his/her suspension, the suspension will carry over into their next season until the full suspension has been served.

SELF REFERRAL POLICY

In case of self-referral for the athlete's first offense, the total penalty will be reduced to up to 10% of an athletic season if both of the following occur:

- The student or the student's parents or guardians report the violation to the Athletic Director or a head coach prior to administration confirmation of a violation
- The student submits to a substance abuse program as described above.

A suspension reduction will not be eligible for the self-reporting clause if:

- School personnel are a witness to the infraction
- The incident occurs on school property or at a school function
- The student receives school disciplinary action outside of the athletics department

HONESTY CLAUSE

In case of a 1st offense violation only, honest cooperation with administration in an infraction's investigation can allow penalties to be reduced to a 25% penalty.

STUDENT APPEAL PROCESS

- An athlete has the right to appeal violations.
- The imposed penalty will remain in effect during the appeal process.
- The appeal must be made within five (5) school days following notification of the penalty. It must be in writing stating the basis of the appeal. School officials will review and decide on the appeal within five (5) school days.
