

## Leading Light Scholarships

**Deadline: July 1, 2024**

### **Criteria:**

- **Women & Hi Tech High School Senior Scholarship (\$5,000)** - Awarded to a young woman who has just finished high school and is entering her first year of college in a STEM field in Indiana, and plans to stay in the state after graduation.
- **The Bell Techlogix Scholarship (\$2,500)**- Awarded to a young woman attending an Indiana college or university for her first year of study in a STEM field.
- **The SIM Indy Leading the Future Scholarships (2, \$2,500 each)** - These scholarships will be presented to female STEM students in Indiana studying in a field related to information technology, computing or MIS. These students - one an undergraduate and one a graduate student - have demonstrated academic success, school or community leadership, and will lead and influence future STEM students and professionals.

**Amount:** \$2,500-\$5,000

**Submit Application:** One submission is all you need to apply for all scholarships.
